Bradford-O'Keefe Funeral Records

Books 1 through 32

1904 - 1948

Compiled by
Julie Broussard Suarez

I have compiled an index of the first thirty-two books of the Bradford-O'Keefe Funeral Home burial records to help other researchers, like me, in their endeavors. Bradford-O'Keefe Funeral Home served families along the coastal area in Mississippi. The final product is an index containing over 10,000 entries; it begins in 1904 and continues into 1948. Included in this index are: 1) first and last name of deceased; 2) date of birth and date of death; fathers and mothers name; and book number and page where information can be found. All information is included that was available in the record. You will find several different spellings of the same name, I left them like that so you could see the possible ways to hunt your ancestor. Some of the records may be misspelled because I could not read the writing on the record or if the record itself was misspelled.

These books of records are available at the Biloxi Library in the Geneological Section. I would like to thank them for the use of the records. They are also available at the funeral home.

Note: While in the process of completing this publication, a volume of Bradford records were discovered that have no book or page numbers. I am inputting them into the computer and will have them available soon. There are records in this volume ranging from 1945 through 1952.

Endorsed by Bradford-O'Keefe Funeral Homes.
